REMARKS

Claims 2 to 4, 6 to 8, 10 to 12, 14 and 15 have been allowed in the subject application. Applicant has not requested the amendment of any claim herein.

Applicant requests the amendment of the specification to further clarify the identification of the users described in Figure 1. Support for the requested amendment to the specification can be found, *inter alia*, in the specification as filed at page 7, paragraph 3. Accordingly, applicant maintains that the requested Amendment raises no issue of new matter and respectfully requests entry of the Amendment. After entry of this Amendment, applicant maintains that claims 2 to 4, 6 to 8, 10 to 12, 14 and 15 will remain allowable.

Status of Drawings

This Amendment is submitted to confirm the September 7, 2006 telephone conference between Examiner Nguyen of the United States Patent and Trademark Office and James R. Major, D.Phil. of the undersigned's office. On September 7, 2006, Dr. Major telephoned Examiner Nguyen enquiring as to the status of the drawings. Examiner Nguyen said that user 164 on Figure 1 was not labeled and that the identification of the users on Figure 1 should be further clarified. Examiner Nguyen said that the drawings would be accepted if these changes were made.

In accordance with the September 7, 2006 telephone conference between Examiner Nguyen and Dr. Major of the undersigned's office, Applicant requests the amendment of the specification as described herein and submits hereto as **Exhibit A** replacement
